

PARTNERSHIP INCOME TAX RETURN GEORGIA INCOME TAX FORMS FOR 2000 AND GENERAL INSTRUCTIONS

GENERAL INSTRUCTIONS

FILING REQUIREMENTS

A **partnership, limited liability company, syndicate, group, pool, joint venture and unincorporated organization** which is engaged in business, or deriving income from property located in Georgia and which is required to file a Federal Income Tax return on Form 1065, is required to file a Georgia Income Tax return on Form 700.

WHEN AND WHERE TO FILE

Form 700 must be filed on or before the 15th day of the fourth month following the close of the taxable year with:

GEORGIA INCOME TAX DIVISION
DEPARTMENT OF REVENUE
P.O. BOX 740315
ATLANTA, GEORGIA 30374-0315

EXTENSION

We will accept the Federal extension or the taxpayer may request a Georgia extension using Form IT-303.

RELATION TO FEDERAL RETURN

The Georgia return is correlative with the Federal return in most respects. The accounting period and method for the Georgia return must be the same as the Federal. A COPY OF THE FEDERAL RETURN AND ALL SUPPORTING SCHEDULES MUST BE ATTACHED TO THE GEORGIA RETURN.

FEDERAL AUDIT

If the Internal Revenue Service has adjusted net income within the last 5 years, a detailed statement of such adjustments must be submitted under separate cover to:

GEORGIA INCOME TAX DIVISION
P.O. BOX 740315
ATLANTA, GEORGIA 30374-0315

DEPRECIATION

Continue to depreciate or otherwise recover the cost of property based on the federal rules, unless an election was made on the 1987 tax return (on form IT-87 D.E. or a written statement) to use the methods previously allowed by Georgia Law.

ADJUSTMENTS TO FEDERAL INCOME (Schedule 4 and 5)

To determine total income for Georgia purposes, certain additions and subtractions as provided by Georgia Tax Laws are included in the Schedules 4 and 5 computations. Lines 9 and 11 of Schedule 7 are provided for the modifications required by Georgia Law.

The total additions to Federal Income is to be shown on line 9 of Schedule 7 and listed in Schedule 4. The total subtractions from Federal income is to be shown on line 11 of Schedule 7, and listed in Schedule 5. The more commonly used items are listed in each of these schedules.

 Any expense which is subject to further limitation (eg section 179 Deduction, Charitable Contributions, etc.) is not deductible in the calculation of Total Income for Georgia purposes. However, these expenses may be deductible on the partner's income tax return.

Where salaries and wages are reduced in computing Federal taxable income because a federal jobs tax credit has been taken, which required, as a condition to the use of the federal jobs tax credit, the elimination of salary and wages deduction, the eliminated salary and wage deduction shall be subtracted from Georgia taxable income.

TAXPAYERS WHO ARE PARTIES TO STATE CONTRACTS MAY SUBTRACT FROM FEDERAL TAXABLE INCOME OR FEDERAL ADJUSTED GROSS INCOME 10% OF QUALIFIED PAYMENTS TO MINORITY SUBCONTRACTORS OR \$100,000, WHICHEVER IS LESS, PER TAXABLE YEAR. A LIST OF CERTIFIED MINORITY SUBCONTRACTORS WILL BE MAINTAINED BY THE COMMISSIONER OF ADMINISTRATIVE SERVICES FOR THE REVENUE DEPARTMENT AND GENERAL PUBLIC. (For further information, call (404) 656-6315).

APPORTIONMENT AND ALLOCATION OF INCOME (Schedules 6 and 1)

If any Partnership, domestic or foreign, is doing business or receiving income both within and without Georgia, the average ratio as computed in Schedule 6 should be used to compute Georgia Net Income in Schedule 1.

If the business income of the partnership is derived from property owned or business done within this state and in part from property owned or business done without this state, the tax shall be imposed only on that portion of the business income which is reasonably attributable to the property owned and business done within this state, to be determined as follows:

- (1) Interest received on bonds held for investment and income received from other intangible property held for investment are not subject to apportionment. Rentals received from real estate held purely for investment purposes and not used in the operation of the business are also not subject to apportionment. All expenses connected with the interest and rentals realized from such investments are likewise not subject to apportionment but must be applied against the investment income. The net investment income from intangible property shall be allocated to Georgia if the situs of the partnership is in Georgia or the intangible property was acquired as income from property held in Georgia, or as a result of business done in Georgia. The net investment income from tangible property in Georgia shall be allocated to Georgia.
- (2) Gains from the sale of tangible or intangible property not held, owned or used in connection with the trade or business

Additional forms may be obtained by calling (404) 656-4293 or by downloading them from our website at <http://www.state.ga.us/departments/dor>.

of the partnership nor for sale in the regular course of business shall be allocated to this State if the property sold is real or tangible personal property situated in this state, or intangible property having an actual situs or a business situs within this state. Otherwise the gains shall not be allocated to this state.

(3) Net income of the above classes having been separately allocated and deducted, the remainder of the net business income shall be apportioned as follows:

THREE FACTOR FORMULA

(a) Property Factor. The property factor is composed of the average value of real and tangible personal property owned or rented and used during the taxable year. Property owned is valued at its original cost. Property rented is valued at eight times the net annual rental rate. The net annual rental rate is the annual rental rate paid less any annual rental rate received from any sub-rentals. Averaging with respect to rented property is achieved automatically by the method of determining the net annual rental rate of such property.

(b) Payroll Factor. The payroll factor is the ratio of all salaries, wages, commissions, and other compensation paid by the taxpayer in this State for personal services performed by employees in connection with the trade or business of the taxpayer during the taxable year to the total salaries, wages, commissions, and other compensation paid by the taxpayer for personal services performed by employees in connection with its entire trade or business, wherever conducted, during the taxable year. Payments made to an independent contractor or any other person not properly classified as an employee are excluded. Compensation is paid in this State if the employee's service outside Georgia is incidental to the service performed in this State or some of the service is performed in Georgia and the base of operations from which the service is directed is in this State, or some of the service is performed in Georgia and the base of operations from which the service is directed is not in any State where some part of the service is performed but the employee's residence is in Georgia.

(c) Gross Receipts Factor. The gross receipts factor is the ratio of gross receipts from business done within this State to total gross receipts from business done everywhere. Receipts shall be deemed to have been derived from business done within this State only if received from products shipped to customers in this State, or delivered within this State to customers.

The purpose of the gross receipts factor is to measure the marketplace for the taxpayer's goods and services.

When receipts are derived from the sale of tangible personal property, receipts shall be deemed to have been derived from business done in this state if they were received from products shipped to customers in this state or products delivered within this state to customers.

When receipts are derived from business other than the sale of tangible personal property, receipts shall be deemed to have been derived from business done in this state if they were received from customers within this state or if the receipts are otherwise attributable to this state's marketplace.

(d) The apportionment factors determined above shall be weighted 25% to property, 25% to payroll and 50% to receipts. If the denominator for either the property or payroll factor is zero, the weighted percentage for the other will be 33-1/3% and the weighted percentage for the receipts factor will be 66-2/3%. If the denominator for the receipts is zero, the weighted percentage for the property and payroll will change to 50% each. If the denominators for any two factors are zero, the weighted percentage for the remaining factor will be 100%. Fill in the applicable percentage in Schedule 6 column d.

(e) For the purpose of this section, the word "sale" shall include the extraction and recovery of natural resources and all processes of fabricating and curing.

(f) Apportionment of Income; Business Joint Venture and Business Partnerships. A corporation which is involved in a business joint venture, or is a general partner in a business partnership, must include its pro rata share of the joint venture or partnership, property, payroll and gross receipts values in its own apportionment formula.

COMPUTATION OF TOTAL INCOME FOR GEORGIA PURPOSES (Schedule 7)

Schedule 7 reflects flow thru income from the federal return which is taxable to the individual partners. A resident partner is required to report his full share of partnership income or loss. A nonresident partner is required to report only his share of the Georgia apportioned and allocated income.

PAYMENTS MADE TO A PARTNER FOR SERVICES RENDERED OR INTEREST ON CAPITAL CONTRIBUTIONS ARE NOT DEDUCTIBLE IN COMPUTING THE NET INCOME OF THE PARTNERSHIP.

Schedule 7 is similar to the Federal Schedule K. Enter the total amounts from each category on Schedule 7 where applicable.

DISTRIBUTABLE INCOME TO PARTNERS (Schedule 3)

This schedule provides space for showing identifying information and distributable income to the individual partners.

Enter for each partner*: 1. Name 2. Street and Number 3. City, State and Zip Code 4. Social Security or Federal Identification Number 5. Profit (Loss) sharing ratio 6. Georgia Source Income.

TOTAL GEORGIA SOURCE INCOME MAY BE DIFFERENT THAN THE TOTAL NET INCOME DUE TO THE FACT THAT SOME OF THE PARTNERSHIP INCOME (e.g., Guaranteed Payments) MAY NOT BE BASED ON THE PROFIT SHARING RATIO, OR THE PARTNER IS A GEORGIA RESIDENT.

***IF THE PARTNERSHIP HAS MORE THAN 2 PARTNERS, ATTACH A SEPARATE SCHEDULE FOR THE ADDITIONAL PARTNERS IN THE SAME FORMAT.**

TIP PARTNERSHIPS WITH NUMEROUS PARTNERS MAY AVOID FILING K-1'S, IF IT AGREES TO PROVIDE THEM UPON REQUEST.

TIP UNDER CERTAIN CIRCUMSTANCES, INCOME RECEIVED BY A NONRESIDENT PARTNER OF A RESIDENT PARTNERSHIP MAY BE EXEMPT FROM GEORGIA INCOME TAX. REFER TO GEORGIA CODE SECTION 48-7-23 AND 24.

BEGINNING JANUARY 1, 1994, WITHHOLDING IS REQUIRED ON NONRESIDENT PARTNERS OR AS AN ALTERNATIVE, A COMPOSITE RETURN MAY BE FILED. NO PERMISSION IS REQUIRED. FORM IT-CR IS AVAILABLE.

BUSINESS CREDITS

LOW EMISSION VEHICLE CREDIT
Refer to Georgia Code Section 48-7-40.16.

BASIC SKILLS EDUCATION CREDIT
Refer to Georgia Code Section 48-7-41.
